

RODAS LINOL METALLIC

General Description:

RODAS LINOL METALLIC is a water based and transpiring decorative paint with particular and beautiful stained, antique and classic effect. Easy application helps to redecorate houses, villas, shops, flats etc.

Application:

Apply RODAS LINOL using the special brush in oblique direction from the top to the bottom alternating the strokes from right to left in the same direction. Wait 10-15 minutes until the smooth parts are dried, rough is still wet. Smooth the surface with the special spatula following the used direction. After 4-5 hours apply another coat with the same technique following the same direction, with another direction you can obtain another effect.

RODAS LINOL METALLIC is the metallic version which is ready to use in combination with the desired colored base coat.

RODAS LINOL SPECIAL is the brilliant version which is a combination of several colored base coats and different options.

RODAS LINOL MASPERLATO is the pearled version which is obtained by applying a colored based coat top coated by the white flakes (RODAS LINOL WHITE) and finally with a layer of pearled coat (RODAS LINOL MASPERLATO) choosing from the combinations offered by the catalogue
